Brief overview of the event and of the issues addressed in the event

On 25th February, the Instituto Cervantes of Beirut invited Edu-BioMed to present the results of the project in Lebanon. The UNESCOMED Center was there, together with Lebanese press and the Ambassador of Spain in Lebanon.

On 24th and 26th February, the project Coordinator met with Lebanese Partners for project management reasons

Contribution of the participant partners

In a round table, the project was presented to the attendants – it was composed by Salma Talhouk (AUB), Pierre Doumet (APJM) and Rhea Kahale (USJ)

Key messages, outcomes, recommendations

- The draft of a Manifesto was announced
- The UNESCOMED Center manifested interest in giving continuity to the collaboration between Edu-BioMed partners in the close future
